### ***Distributions of Remainder of Sub-Account upon Beneficiary's death***

Upon the death of a beneficiary the following provisions apply to the distribution of funds remaining in the Sub-Account. Funds from the beneficiary's assets must be either retained by the Trust or used to reimburse Medicaid for amounts advanced by Medicaid for the benefit of the beneficiary.

### ***Distributions of Self-Funded Sub-Accounts***

Self-funded Sub-Accounts will be distributed as follows:

- (1) Funds to be repaid to Medicaid:

The lesser of Medicaid funds advanced or 50% of the funds remaining in the Sub-Account.

- (2) Funds retained by the Trust:

All funds remaining in the account after Medicaid reimbursement.

### ***Early Termination of the Sub-Account***

In the event that it becomes impossible or impractical to carry out the purposes of the Trust the Manager or Trustee shall have the authority to terminate the Trust Sub-Account and distribute the remaining funds. In the case of a self-funded Sub-Account the funds will be distributed to the beneficiary or his or her legal representative. This distribution may have an effect on the Beneficiary's Medicaid qualifications. The Beneficiary or legal representative should consult the Beneficiary's Medicaid caseworker for further advice.
